Food Allergies and Intolerances

please speak to our staff about the ingredients
in your meal when making your order

Welcome Back

**We have been working hard behind the scenes
to make sure that you and our team are as safe as possible in our pub**

As part of our social distancing measures we have re arranged our tables to ensure safe spacing

In order that we can meet the current Government guidelines regarding safe distancing
for now the maximum number of guests per table booking is six people
and households cannot mix on a table unless as part of a support bubble

Customers who are accompanied by children are responsible for supervising them at all times and
should follow social distancing guidelines. For the safety and well-being of the children, customers
and team members we ask that children remain at the table during your visit. Please be aware that
due to the requirements of social distancing we do not have any play areas at this time

Social distancing measures are displayed to help guide all our customers and team members
including floor markings, additional signage information and a separate exit route
via the patio area at the front of the pub

Extra cleaning will also be carried out to keep everyone safe

Our customer toilets have been planned for single entry with additional cleaning

You will find hand sanitisers throughout the pub from arrival to departure so please join our team
in maintaining personal hand hygiene to protect everyone

In accordance with the latest Government guidelines the team have been trained for safe working
including social distancing measures and hand hygiene. Temperature checks at the start of every
shift form part of our commitment to ensuring both our customers and team
are kept as safe as possible

A full risk assessment has also been completed to protect our customers, our team and our suppliers

There will be some changes to our normal style of service for a while so please bear with us
To reduce contact we are using disposable menus and providing full table service
delivering food and drink to your table in the safest possible way

Contactless or card payment is our preferred method of payment

We have decided to move away from the self service Carvery to a family style service instead
This means that you can still enjoy the same great meat selection with all the trimmings as before
and then help yourselves to as much or as little vegetables and gravy at your own table
Alternatively other dishes are still available from our reduced main menu

**By following the social distancing measures and hygiene practices in place we aim to deliver
a relaxed comfortable environment where everyone can enjoy their time with us here at the
Bunbury Arms Great Barton**
